

# Pecan Pie Muffins

1 cup of packed brown sugar  
1/2 cup of all purpose flour  
2 cups of chopped pecans  
2/3 cup of softened butter  
2 eggs, beaten

Preheat oven to 350°. Grease muffins tins (Pam or another spray works fine for this). Stir brown sugar, flour, and pecans together. In a separate bowl beat butter and eggs together (make sure you beat the eggs before mixing them in with the butter). Combine the dry and wet ingredient bowls together, mix thoroughly until all ingredients are combined. Bake for 12-15 minutes or until brown.
